you ain't treating me right
D G D A
Come back again, I'm just crazy 'bout you babe

I spoke to your Mum and I spoke to your Dad, said I was crazy,
made me feel sad
Come back again, I'm just crazy 'bout you babe

Feeling so sad so lonely too, you don't know how it is to feel
sad, lonely and blue
Come back again, I'm just crazy 'bout you babe

I spoke to your Dad and I spoke to your Mum, they said go away boy
and leave us alone
Come back again, I'm just crazy 'bout you babe

Solo

I really don't know what to do, everything you say just makes me
feel blue
Come back again, I'm just crazy 'bout you babe

I went to the dance but I went alone, I watched you dance then I
followed you home
Come back again, I'm just crazy 'bout you babe
