SUBJECT INDEX

SUBJECT INDEX

A syou get the feel for how the songs have been grouped in the book, you can turn directly to the chapter in which you feel the song is likely to be found (the chapters are arranged alphabetically), and then locate the song (the songs are also arranged alphabetically within each chapter). This index, along with the descriptive notes in the Table of Contents, can help you to better understand the chapter/subject system used in the book. (Please note that there are also cross-listing notes at the ends of many chapters.)

TITLE INDEX

also includes: First Lines and Alternate Titles

Titles as they appear in the book are given in bold; alternate titles are in regular type and first lines are italicized. We have used the first line of the chorus where we felt it would be easier to locate that way. Also please ignore initial articles (for example: "A" and "The") in both title and first lines.
